

## WHIP IT

### Sex & Nudity

Teens kiss and make out, and one couple goes all the way. No sensitive body parts are shown, but you see them stripping to their skivvies underwater in a swimming pool and later holding each other out of the water (bare shoulders showing). The girl later discusses the experience euphemistically with her mother.

### Violence & Gore

Roller derby is very aggressive, and the film showcases plenty of bruising, bone-crunching action. Characters are elbowed, kicked, and pushed around, and they sometimes end up bloodied. There's also some outright fighting, and trash talk is a common occurrence on the track.

### Profanity

Fairly frequent use of language like: jackass, hell, shit, bitch, screw, ass, balls, and goddammit

There's also one use of "fuck," and a character gives someone the finger.

### Alcohol/Drugs/Smoking

Some underage drinking. A teen girl gets drunk at a party and makes out with a random guy before throwing up.

A teen is arrested after being caught with a drink in public. One character (not a teen) does a kegstand.

A mother hides her cigarette from her daughter. A father drinks beer while watching sports and lets his teen daughter take a (big) sip. A mother mistakes a marijuana bong for a vase.

### Frightening/Intense Scenes

Some intense roller derby scenes.
